Policy for Faculty Mentors

“The best teacher is the one who suggests rather than dogmatizes and inspires his listener with the wish to teach himself.” Academics often think of as one-on-one guidance. Mentoring makes a big difference in the growth of a student. It fosters development of a productive balance between the mentor and mentee.

The teachers should:

1. Facilitate the students in shaping their overall personality.
2. Support the students in participating in academic and non academic activities.
3. Provide counseling and rebuilding confidence of mentally disturbed students.
4. Access the students in all academic endeavors (like Moot competitions, Debates, Model United Nations, Seminars, Workshops, JSS Research Cell etc).
5. Motivate the students to join various clubs and cells (Green guides, Cultural club, Sports etc).
6. Conduct remedial classes for slow learners, whenever required and feasible.
7. Instill patriotism among the students by encouraging them to join NCC, NSS, Rotract, YiYuva etc.
8. Access the overall performance of the students.
9. Monitor the attendance of the students meticulously to maintain the discipline and decorum of the college.
