

Drama 'Stage Chemistry – Neuropsychiatric Disorders on Stage

The Literary Club of the college had organised a drama 'Stage Chemistry – Neuropsychiatric Disorders on Stage, 'Part –I on 13-02-24 at 3.00 pm in the college Silver Jubilee hall. Dr. Poornima, retired Professor of English, Karnataka State Open University enacted the multiple characters in the play. The main focus of the play was the suffering of the people, with neurological disorders. The students of II Semester LL.B and IV Semester BA LL.B (62 girls and 45 boys) attended the drama. The event was coordinated by Smt. Nandini, Faculty Coordinator of Literary club.

The Literary Club of the college had organised a drama 'Stage Chemistry – Neuropsychiatric Disorders on Stage, 'Part –II on 21-02-24 at 4.00 pm in the college Silver Jubilee hall. Dr. Poornima, retired Professor of English, Karnataka State Open University enacted the multiple characters in the play. The main focus of the play was the suffering of the women, with neurological disorders in Kuvempu's play Kanooru Heggadati. The students of II Semester LL.B (23 girls and 20 boys) attended the drama. The students were made to enact a sequel from the play Macbeth during the programme to demonstrate the involvement required in acting. The event was coordinated by Smt. Nandini, Faculty Coordinator of Literary club.
